## **A Report of the “Iowa Valley Evangelism Effort” From Fred Rhodes - For the Month of April 2009**

It sure is amazing what God can do with us. As I come to the close of the month I wonder how we will conduct all of the Bible studies that we have scheduled. They come in faster than we can conduct them. I guess that is a good problem to rejoice over.

We started the month at the Lectureship in Memphis. It went very well. The subject was on evangelism and the speakers did a wonderful job. I was very excited to hear their ideas on evangelism. I believe that as a brotherhood we are heading in the right direction. Let's keep this theme on our minds as we go forward. WIN SOULS!

Soon after we came home Vella arrived and hit the ground running.

In less than two days of door knocking with some ladies in the congregation there were four Bible studies set up. I guess door knocking doesn't work!! Keep in mind that we are hoping for Christians to come and help knock doors with her this summer. If you do not know how come and get your feet wet. We will have a great time and do a lot of good in the process.

In Newton the members and the people that we are studying with keep adding more people to study with. One was visiting with her neighbor and set up a study with her and her boyfriend. She is excited to study the Word of God. I believe that she will obey. Another study was set up with a lady that has been coming to Ladies class and to worship with us for over a year. She is a wonderful lady and is fun to study God's Word with. Kathy has introduced me to three people that are deaf who want to hear the Gospel. I will have to add them on Monday's. They actually live in another city so it will be a great challenge. Another study was set up with the father of one of our members. And don't forget that Kayla has a study going with two ladies who have been visiting our services for some time. Brethren, the opportunities abound. The time is limited.

I am thrilled that Krista, a member in Marshalltown is conducting a study with a lady. I hear that she is doing a great job. Brethren that is success. When all members do what they can to win souls.

Our studies dealing with new converts are going great. There are also people who are not Christians who attend at every one. We are

seeing the new converts growing as they learn more of the Word and changing their lives a little at a time.

Keep in mind that there are also some very discouraging things that happen. As with any thriving work there are a lot of heartaches.

When Christians are growing they often strain at the bounds of the Word of God. We cannot expect to see all this good without some difficult problems. There are times that we feel like crying and the next minute discover that all things are working out. It is such a challenge to deal with these things on a daily basis. Please keep us in your prayers, but we will stand firm and keep going.

We have received a little more support for Vella this month, but we are still short on what we need. To be able to pay for salary and expenses for the year we need to raise another \$1800. I thank each of you who have helped. The help that you give is going a long way to win souls.

How blessed we are to be able to do the work that we do. We are also very blessed to have each of you helping us with your prayers and the financial help that you send. Please remember that we are very thankful for what you do. We cannot all go to a mission field but we can all be involved in some way. The way that you help is just as needed as the work that we do every day in reaching out to the lost and building up our new Christians in these communities. Keep praying that God will send laborers into the harvest.

Fred
